“Parent Focused Child Care”

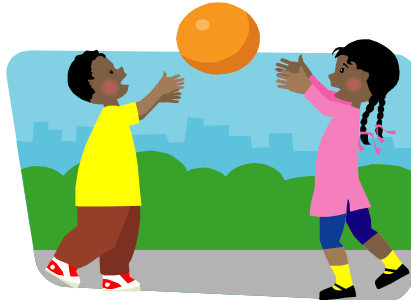

- **Date: June 2, 2010 (Wednesday)**
- **Time: 7:00pm – 9:00pm**
- **Cost: \$20.00**
- **Location: Step By Step, 123 Brentwood, Morris, 60450**
- **Objective of Training:** Each person comes with his/her own unique body of experience, culture, genetics and history based exclusively in his/her family of origin. No amount of love, kindness or concern can assist a person in their optimal development without first acknowledging, respecting and honoring where he/she came from. In our practice with children in childcare, the parents/legal guardians are the people who have the authority and most influence with the children. It is our obligation to provide services that are based in parental goals for the children and reflect the beliefs about care parents possess and deserve. This workshop will provide the participant with the skills necessary to practice parent focused childcare. We will discuss and develop a plan for implementation for current and future practice. **Presenter: Deb Clark from the Infant/Toddler Child Care Center at Joliet Central High School.**
- **Pre-registration is required. Please register with Tamara at (815) 741-1163 Ext. 226. In order to make this training a good learning experience for all adults, children cannot attend.**
